COVID-19 Communications

Platforms

We will communicate using two key tools: SMS for urgent messages and email for all other communications. You may also be contacted by the Department of Health.

Timeframe

Our communications to staff, students and parents will be informed and guided by the Department of Health. We are committed to updating our community as swiftly as possible.

The role of parents

Please ensure you have updated the School if your contact details have changed. If your child returns a positive test for COVID-19, please inform the School immediately.

To avoid misinformation, please refer to communications provided on our official channels only. Information spread through social media and on non-Carmel platforms may not be accurate. Thank you for your commitment to keeping our community safe.
