

# Recruitment Drive 2024

Since the terror attacks carried out by Hamas against Israel on the 7<sup>th</sup> October 2023, acts of antisemitism have been recorded globally at levels never before seen.

The Perth Jewish community continues to operate at a level of heightened risk, with CSG enacting added precautionary measures to ensure the community is able to continue living with as much normalcy as possible. This includes increased deployments of personnel, a closer working relationship with local police and increased monitoring of the local environment.

As part of our efforts to meet the continued needs of our community CSG will begin its recruitment training program in mid-February. While we will be recruiting to fill our standard roles including Protectors and Controllers, this year we will also be offering a new role of Marshal to enable participation of community members who wish to give back to their community while juggling the many other demands of life.

This role is primarily aimed at, but not limited to, those in our community already involved in security efforts at specific venues. We urge all those interested in any level of CSG to get in contact with us as soon as possible by emailing [info@csgwa.com.au](mailto:info@csgwa.com.au)

Thank you in anticipation of your support.
