INSURANCE

The School recommends that parents ensure they have adequate insurance cover for medical, health, property and general risks as the School does not accept any responsibility for medical or other expenses arising from accident or illness, loss or damage to personal effects and property, or any liability in relation to personal injury or property damage.

NOTICE OF WITHDRAWAL OF ENROLMENT

The enrolment of your child will be ongoing from year to year (unless terminated by the School in accordance with the School's Enrolment Policy).

If you wish to withdraw your child from Carmel School (either during the course of an academic year, or from the end of an academic year), you must notify the School in writing at least one full term prior to your child's final day of enrolment. This means the written notice must be received by the School no later than the last day of the term prior to your child's final term at the School.

For example, if you do not intend for your child to return to the School in Term 3 (meaning your child's final term will be Term 2), written notice must be received by the last day of Term 1, before the start of the school holidays.

For students not returning to Carmel School for a new academic year in 2025, written notice must be received no later than the last day of Term 3 of the 2024 academic year.

Please note that failure to comply with the above and give the required notice will result in one quarter of the annual fees being payable immediately on your child's departure. Acceptance of this obligation is a condition of enrolment at the School. The policy allows Carmel School sufficient time to plan and manage its resources.

ABSENCE FROM THE SCHOOL

Other than in exceptional circumstances, no reduction of fees can be made on account of absence from the School. The School's operating costs are not lessened by the temporary absence of individual students.

TEXTBOOKS AND STATIONERY

The School does not provide students with their textbooks. Stationery for primary school students is purchased by the School in bulk with costs recovered through a levy. High school students are expected to purchase their own stationery. Families will be notified of the items required to be purchased for the school year in the book lists provided by the School.
